Hi Terri,

I just wanted to take the time to let all of you at Superior Pools know how satisfied I am with your service. You have been taking care of my pool for the last month and it has never been so crystal clear and clean.

The previous company who handled this service who I will not name always had our pool cloudy and they said that it was because we had a lot of dust from the field. The cost was also extremely high because of all the chemicals they said we needed to keep it somewhat clear.

Even though they did weekly maintenance, my son had to vacuum every weekend.

I answered an ad from Superior and they immediately started their maintenance and advised us to change the old sand we had in the filter to glass, Within 2 weeks we are now swimming in a crystal clear pool, we do not use any of the extra costly chemicals and my son no longer has to vacuum every time he wants my grandchildren to swim.

Thank You Superior Pools
